The best way to help during a disaster is often to make a financial contribution to the charity of your choice.

Cash donations allow disaster responders to immediately meet the specific needs of disaster survivors without incurring many of the costs associated with sorting, packing, transporting and distributing donated goods

*After making your gift to provide relief to fellow Virginians, please remember to enter you **Direct Gift (2016 CVC Campaign)** so your agency gets credit for this gift for this fall's campaign.*
